The Panama Canal, the 8th. Wonder of the World! The 50-winding-mile waterway that saves ships from travelling 7,900 miles around South America. And while visiting Miraflores Locks, we can not only see the ships as close as 50 feet away, but we can lunch nearby... & also have a view of where the new set of larger locks are to be built in the horizon

We can see the Pacific Ocean on the left side, & the artificial Miraflores Lake on The right side... while 2 of the total of 3 locks are visible in front of us
